# **Program B: Incarceration**

Program Authorization: R.S. 15:821-840.2 and R.S. 36:401-409

#### **Program Description**

The mission of the Incarceration Program is to provide for the custody, control, and care of adjudicated offenders through enforcement of the laws and implementation of programs designed to ensure the safety of the public, staff, and inmates.

The goals of the Incarceration Program are:

- 1. Maximize public safety through appropriate and effective correctional custodial and supervisory programs.
- 2. Provide for the safety of correctional staff and inmates by maintaining an organized and disciplined system of operations that promotes stability in the institution.
- 3. Ensure that basic services relating to adequate food, clothing, and shelter are provided to the inmate population.
- 4. Provide the maximum available bed space allowable by the State Fire Marshal, Department of Health and Hospitals, American Correctional Association requirements, budgeted resources, and good correctional practices.
- 5. Protect the investment by the state in the facility by providing an adequate maintenance program for all buildings and equipment and by following Division of Administration property control regulations.

The Incarceration Program encompasses all security and related costs. It also includes other services related to the custody and care of adjudicated offenders, such as the classification of inmates and related record-keeping, provision of basic necessities such as food, clothing, and laundry services for the inmate population, maintenance and support of the facility and other equipment, and Project Clean-Up. (Project Clean-Up, a cooperative effort between the Department of Public Safety and Corrections, Corrections Services, and the Department of Transportation and Development [DOTD], involves inmate crews for litter pickup and DOTD work crews for mowing and litter collection. The project is a direct result of the commitment of Governor and Mrs. Foster to improve the appearance of roads and highways across the state.) The Incarceration Program comprises approximately 74.7% of the total institution budget for FY 2002-2003.
